

Year 2

Summer 1 Newsletter

Topic

This term our topic is **Land Ahoy**. We will be looking at famous sea explorers and pirates.

We will also be reading books about pirates and the sea and developing our story and information writing.

Visit - Hartlepool Maritime Experience

To link in with our topic on pirates, we visited the Hartlepool Maritime Experience on Monday 18th April to learn about life on-board a ship. We had a brilliant time and the children were really well behaved. On Wednesday 25th May we will be having a pirate day where children can come to school dressed as a pirate.

Key Stage 1 Assessments

We will be carrying out national assessments with year 2 children this term. These will mainly take place in the fortnight beginning 16th May. Please ensure that your child continues with their good attendance and punctuality.

Science

In Science we will be learning about floating and sinking. We will also be looking at how we record science investigations using tables and graphs.
