

Year 3

Summer 2 Newsletter

This half term our topic is *Tribal Tales*

Welcome back! We are now into our final term. The children are continuing to make good progress and are looking forward to learning about the Bronze and Iron age.

Topic

This half term we will learn about the next two periods of time following The Stone Age; The Bronze Age and The Iron Age. We focus on important historical events and how these periods of time impacted on the world today. During this topic we will be visited by *Portals to the Past*, answering exciting questions in our floor books and becoming archaeologists to discover the past!

In Science, we will be investigating plants and their life cycles and completing practical investigations.

English

This half term we will be learning about features of narrative writing and becoming authors of our own Stone Age story.

We are working hard to learn new spelling rules and trying to apply them in our work.

Mathematics

This half term we will be continuing to work on:

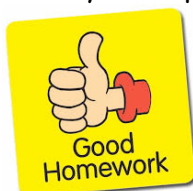

- Time
- Shape, Space and Measure
- Number and place value
- Multiplication and division

Please continue to practise the times tables at home with your child.

Homework

Please could you ensure that your child completes a piece of homework from their grid each week?

We would also like to remind you of the importance of regular reading at home and to thank you for your support with this.

£5 Challenge!

Our children are extremely excited to be developing their entrepreneurial skills through the £5 challenge.

Each class has been given £5, with the challenge of making their money grow. Year have decided to work together to create the Year 3 Empire!

Keep an eye on Twitter to watch it grow!
