

Year 4

Spring 1 Newsletter

Topic

Buckle up! Year 4 are heading across the Atlantic to embark upon a road trip across the United States of America.

Starting in New York on the east coast, we will be finding out all about 'The Big Apple'. From the Statue of Liberty to the Empire State building, we will be tourists in the city that never sleeps and write home to tell you all about it.

Leaving New York, we will head towards California on our memorable road trip, ending our journey in Hollywood. Will we see our names up in lights?

English

In English, we will be writing our own non-chronological reports for a tourist attraction within America. Children will also be learning to develop their descriptive writing skills, using independent research.

Maths

In maths, we will be focusing on multiplication and division, looking at a variety of methods. We will also be having a big push on multiplication tables, so any support at home with practising would be greatly appreciated.

Physical Education

In PE, we will be developing our skills in tennis.

Please remember that children must have both their indoor and outdoor PE kits in school at all times.

Geography

This term we will be focussing on Geography during our topic work. Children will develop their map reading skills and learn about different locations within America.

We will also be measuring straight line distances using the correct scale.
