

Year 1

Spring 2 Newsletter

This half term we are continuing with our *Moon Zoom* topic.

Welcome back. We hope that you have all had an enjoyable holiday. We have lots of exciting things planned for this half term.

Please remember to bring any P.E. bags or reading records back to school.

Topic

This half term we will be learning even more about Space. We will be learning lots of fun facts about planets, astronauts and Space. This will link with ICT, Science and History.

We are also focusing on Geography this half term. The children in Year 1 will learn about where they live and more about their local environment.

They will also be looking at simple maps and attempting to follow them.

English

In English lessons children are all grouped according to their ability. Groups may change depending on progress made in this lesson. They are focusing closely on sounds and using these new sounds in their reading and writing.

Mathematics

Last half term we did lots of work on addition and subtraction. We are seeing lots of progress in this area now.

In the coming weeks we will move onto multiplication and division.

Any help at home to help counting in 2's, 5's and 10's would really benefit your child in these areas in Maths.

Reading

Thank you to all the parents who have been listening to their child read at home.

Read Write Inc.

Please visit www.facebook.com/miskin.education

This site will help you, to help your child pronounce letter sounds correctly. This scheme will be used in school and any help you can give your child at home would benefit their learning. It also has stories for bedtime!
