- Watching movies
- Spending time with my friends

Meg

Eve

People might describe me as....

Kind

Caring

Funny

Helpful

I would like to get better at...

Spelling
Speaking another language
Playing the guitar

Educational Psychologist

My Job

I am an Educational Psychologist which means I work with children and young people to find out what they are good at and what they find hard sometimes. I will talk to people in your family, teachers, and other professionals to discover what school is like for you. This is to help me think about how to help with school and learning.

What if you don't want to work with me?

You don't have to meet with me if you don't want to. If you do meet with me you can stop the activity or leave at any time.

We will only meet and do as much as you would like to do.

What might happen when you meet with me...

I will arrange with adults in school to come and see you. I might see you in your class or in a space in school where we can do some activities. When we meet I will introduce myself and explain what we will do in the session. If you have any questions I will try my best to answer them.

The activities that we do together are so I can learn more about what might be helpful for you in school. I will be checking in with you to make sure you are ok and happy to keep working with me. If you want to stop the activity at any time you can just let me know.
